RELYON - THE MASTER BED MAKERS

Founded in 1858 by a Somerset family of wool merchants, the Price Brothers and Co. business developed 100% wool mattresses that were of such high quality, they became known as mattresses that you could truly 'rely-on' for a good night's sleep.

And so the Relyon name was born out of a reputation for hand crafting wonderfully comfortable natural mattresses. Today our beds harness the skills of Relyon's artisan rich pedigree and combine them with the finest natural fillings, perfectly engineered calico covered pocket springs and a host of bespoke tailoring options.

Approaching luxury comfort in a haute couture fashion sense, the Heritage Collection is endlessly customisable and can be individually tailored to suit all your unique requirements, whilst delivering uncompromising elegance to any bedroom.

THE PERFECT MATTRESS

The perfect mattress is a retreat for your body, mind and soul. A constant place of health and well-being away from the rhythm of our daily lives. A place we return to for a great night's sleep and rely on to awake feeling refreshed and revived ready for the glories of the day ahead.

It is said that time costs nothing, but at Relyon we say that time is invaluable. Selecting the perfect mattress should take all the time it needs. After all, it is an investment in your future health and well-being and the benefits are priceless.

Perfect support is achieved when your spine is in neutral alignment. This applies when standing, sitting or lying down, perfect posture is the key to a good night's sleep.

Too Soft

Spine is out of neutral alignment. The spine bows downwards creating pressure around the hips and lower back.

Perfect Support

Spine is neutral and in line. The heavier parts of the body, the knees, hips and shoulders are correctly supported.

Too Firm

Spine is out of neutral alignment. Spine bows upwards creating pressure around the shoulders and knees.

SOMERSET ARTISANS

From grandparents, to parents, to sons and daughters, generations of Somerset artisans have passed down their aprons of knowledge keeping very much alive the traditional skills that make Relyon beds, the best beds in the world.

The natural comfort experts

Traditional hand side stitching

Our divan making skills are unparalleled. Our hand lashed, hand side stitched, traditionally cane edged and tufted divans are the envy of the bed world and epitomise Relyon's commitment to preserving heritage bed making skills that would be lost, but for our efforts.

LUXURY FROM NATURE

Cashmere

Renowned for its luxurious, but resilient soft fibres, cashmere is also wonderfully insulating and absorbent. The goat naturally sheds its winter coat from which the super soft under down fibre is collected.

Cotton

We only use extra-long staple fibre cotton because of its incredible durability and super soft characteristics. Exceptionally breathable and highly absorbent, cotton is excellent at controlling body temperature through its superior moisture wicking properties.

Horsetail hair

Utilised in construction, furniture, pottery and textiles for centuries, horsetail hair is the longest natural fibre and a key ingredient to our luxury beds. Twisted to provide extra resilience and bounce, horsetail hair is the perfect natural spring partner for our sumptuous beds.

Lambswool

Typically reserved for high grade textiles, lambswool is the first wool shorn from young sheep. Soft and very elastic, lambswool also provides coolness in the summer and warmth in the winter and is highly prized as a mattress filling.

Merino wool

Famed for its silky soft fineness Merino wool is not only sumptuous, but its hygroscopic properties encourage the evaporation of body moisture, ensuring a really comfortable sleeping environment.

Mohair

Mohair is an ultra fine yarn produced from the hair of an Angora goat and is naturally resilient, soft and luxuriously comfortable. Nicknamed the 'Diamond' fibre for its superior lustre, mohair is warm in winter due to its excellent insulating properties, and remains cool in summer due to its moisture wicking properties.

SPRING INTO COMFORT

At the heart of all our Heritage mattresses is the Relyon classic pocket spring. Manufactured at our factory in Wellington, Somerset, using a specially developed steel alloy that includes Titanium for class leading strength, comfort and durability.

Hand centre tied calico pocket springs

Comfort and support is never determined by a number. All of our pocket spring systems are considerably engineered using the latest steel alloys, the perfect wire gauge, tension and geometry. The result? The perfect pocket spring designed to work in harmony with your body.

SLEEPING SOUNDLY WITH RELYON

Sound quality

Our journey to make the best beds in the world does not start on a production line, it starts with our suppliers. Whether standing in a Somerset farmers field with our wool merchant or scrutinising our steel quality with our supplier in Derbyshire, we ensure we only ever select the very best ingredients for our luxury beds.

Quality without compromise is at the heart of everything we do, which is why we were the first bed manufacturing company to be awarded a highly prestigious Manufacturing Guild Mark by the Worshipful Company of Furniture Makers.

Environmentally sound sleep

Reylon were the first company to develop recyclable mattresses back in 1858. Our pure wool mattresses were often re-purposed by their owners who took advantage of the resilient wool interiors for insulation or compost.

Today our sustainable and environmental credentials remain as strong as ever. We continually invest in reducing our energy and water consumption and were the first bed manufacturing company to fit low energy lighting across our entire manufacturing estate. The timber we source is either FSC or PEFC certified as is the paper we use to print our literature. We purchase all our energy from 100% green tariffs and transport our products on the most fuel efficient and aerodynamically sound distribution fleet available. All this and more because we want you to sleep soundly knowing our beds do not cost the earth.

DESIGN YOUR PERFECT BED

The Heritage Collection has been designed to make finding your perfect bed as easy as one two three.

1) Choose your mattress

2) Choose your divan

Complement your mattress and refine the comfort by selecting the Heritage divan that suits you best. Consider adding storage to your divan from a selection of drawer options or an ottoman base.

3) Choose your headboard and fabric

Your perfect mattress and divan can be tailored to suit your individual taste and home decor with a Heritage Collection headboard. Choose from a vast array of stylish fabrics to complete your perfect bedroom.

THE PERFECT DIVAN

The marriage between mattress and divan is very important to your comfort. Selecting the right divan is as important as selecting the right mattress. Divans can be selected to fine tune your mattress, whether you wish it to be firmer or softer.

| Large timber drawers | 77.5cm | 51cm | 15cm | 25kg |
| Small timber drawers | 37cm | 51cm | 15cm | 25kg |

OTTOMAN STORAGE DIVAN

The padded top ottoman divan is an ideal solution if space is limited in your bedroom as it provides generous storage space for linen, towels or clothes. A king size (150 x 200cm) ottoman divan has six times more space than a two drawer divan. The ottoman divan has gas rams and hand holes to make it easier to open. Suitable for all mattress except the Emperor and Grandee.

| Height including castors | Height for internal storage | Maximum height with the lid open without mattress | Storage weight limit |
|--------------------------|-----------------------------|---|---|

To personalise and complete your Relyon Heritage mattress and divan we have designed a range of 14 headboards offering a blend of modern, traditional and contemporary styles. Available in a host of fabric options and heights, these beautifully hand-crafted headboards will form the centre piece of your dream bedroom.
